

## Cancer Support Services Fee Schedule

MODALITY	STANDARD FEE	SLIDING SCALE
<b>Acupuncture</b>	\$90 per hour	\$40-\$90 per hour
<b>Guided Imagery Counseling Sound healing</b>	\$90 per hour	\$40-\$90 per hour
<b>Naturopathic Consult (Herb/supplement review)</b>	\$90 per hour	\$40-\$90 per hour
<b>Nutrition Counseling</b>	\$90 per hour	\$40-\$90 per hour
<b>Oncology Massage</b>	\$80 per hour	\$30-\$80 per hour
<b>Jin Shin Jyutsu</b>	\$80 per hour	\$30-\$80 per hour
<b>Feldenkrais</b>	\$80 per hour	\$30-\$80 per hour

Recognizing the importance of treatment and continuity, we offer patient assistance and a sliding scale. Please choose the price that seems right for you:

### Sliding scale

Select the standard fee if possible, to cover the cost of the service and administration of the program.

- Choose a lower fee if the standard fee is too much for you to afford and pay what you are able.
- Feel free to choose a higher fee if you'd like as a donation (thank you!)

Each dollar paid over the standard fee is a tax-deductible contribution to the Sonoma Valley Hospital Foundation, a 501(c)(3) nonprofit corporation. We keep all donations and fee payments confidential.

## Sonoma Valley Patient Assistance Fund (SVPAF)

If you are unable to pay the sliding scale fee, the SVPAF can assist you in accessing treatments at an agreed upon amount. Those who qualify for low-income status\* or are faced with high medical costs are eligible.

*\*Low-income is defined as 200% of the Federal Poverty Level. Medical Expenses will also be considered in financial arrangements*

Family of 1 - \$23,340	Family of 5 \$55,820
Family of 2 \$31,460	Family of 6 \$63,940
Family of 3 \$39,580	Family of 7 \$72,060
Family of 4 \$47,700	Family of 8 \$80,180

## Cancer Support Services Research Study

The North Bay Cancer Alliance has partnered with Sonoma Valley Hospital Foundation to provide a generous research grant to study and refine our program. The purpose of the 2-year study is to develop a highly effective, model-healing program that will help improve the quality of life for those undergoing cancer treatment. These funds are allowing us to offer our services at a sliding scale rate. All of our patients will be asked to participate but are welcome to opt-out upon request.

Participants are asked to take part in the study for a 12-week period which includes:

- A Patient Navigation Session at the beginning and end of the study.
- Receiving weekly or bi-weekly sessions.
- Completion of a questionnaire at the beginning, middle and end of the study period.
- Participation in a one-on-one study interview and a focus group.

In appreciation for your participation in the full 12-weeks of the study, we offer you 3 of your sessions at no charge.
