OCTOBER 2014 FINANCIALS

To: SVH Finance Committee
From: Ken Jensen, CFO
Date: November 25, 2014
Subject: Financial Report for the Month Ending October 31, 2014

The month of October was favorable compared to budget. Net Revenue was better than budgeted expectations. This was due to higher outpatient revenue and a better payer mix for the month. Expenses were unfavorable to budget. Salaries were over due to increased volume in Home Health Care. OB, Echo and Physical Therapy was also over budget, but due to registry for an unfilled position. Professional Fees were over due to Napa State volume and the emergency specialist physician call in pay. Information Technology (IT) and Patient Accounting are already reducing their Purchased Services for the remainder of the year.

Below is a summary of the variances for the month of October:

GROSS REVENUE was better than budget by	\$508,547
Inpatient revenue was off target by (\$244,196) and SNF was off by (\$576,472). This shortfall was offset by better than expected revenues for O/P \$298,512, ER \$953,213 and Home Health \$77,489.	
Deductions from revenue are higher than budgeted due to changes in payer mix with lower Medicare and Commercial and higher MediCal volumes for both I/P and O/P.	(\$150,073)
Risk Contract Revenue was under budget by	(\$25,250)
Other Revenue was over budget by	\$4,437
Total Operating Revenue Variance	\$337,661

The negative expense variance was comparable to September's negative expense variance of (\$141,568), which is better than the average variance for the July and August of (\$329,320). October's negative expense variance was (\$146,177).

Total Staffing costs were over by	(\$53,898)
due to better than budget increases in several departments productive FTEs were 272 vs. a budget of 257. PT and Echo	

was over in Agency.

Medical and Professional Fees were over budget (\$39,466)
 due to the Napa State volume which is passes through revenue.
 And the emergency specialist call in pay.

Purchased Services were over budget	(\$32,636)
Due to unbudgeted costs IT and Patient Accounting costs.	
Total Expense Variance	(\$146,177)

Total Operating Margin Variance	\$191,484
Non-Operating Income unfavorable to budget	(\$13,585)
Capital Campaign Contributions lower than budget	(\$86,250)

Net Variance	\$91,649

The net income was \$304,092 vs. a budgeted net income of \$212,443. After accounting for GO bond activity the aggregated net income was \$338,488 vs. a budgeted profit of \$222,428.

Cash Activity for October:

For the month of October the cash collection goal was \$3,861,647 and the Hospital collected \$3,468,742 or under the goal by (\$392,905). The Year to date cash goal was \$14,177,623 and the Hospital collected \$14,685,433 or over the goal by \$507,818. The cash collection goal is based upon net hospital revenue from 60 days ago. Days of cash on hand are 11 days at October 31, 2014. Accounts Receivable increased from September due to an increase in self pay and Partnership, both payers are slow in paying their claims. Also in October there was a slowdown in Medicare payments at month end. AP is up by \$377,294 compared to September due to the yearly contract fees for McKesson of approximately \$300,000 due by December 31, 2014.

Year to Date:

The Hospital's YTD EBIDA is now commensurate with other hospitals at 7.3%. Our YTD expenses are over budget by (\$793,570), of which approximately \$120,000 is from FY 2014. This is made up of Surgery PO's, Anesthesia bonus and an outside consultant. Also due to inaccurate forecasting during the budget process the Hospital will be over budget about \$81,000 a month in utilities, Hospitalists, Lab, Anesthesia, Prima and IT. A few of the overages are due to volume. Surgery is over budget in supplies, but October was also one of the highest numbers of surgery cases, therefore these expenses are offset by revenue. Also salaries are over budget due to turnover in OB, PT, and Echo and these positions have been filled, therefore these departments will be back within budget. The Hospital has continued to save costs by not replacing several positions and not spending on capital.

Subject: Administrative Report

Summary

Operating revenue is close to budget for the first three months of the year, but we had a poor payer mix in September that resulted in \$314,872 less than budget for a monthly loss of \$327,165. The expenses continue to be reduced in order to be below revenue. The FY 2015 budget is very challenging, but we have a few extra payments due this year which should help us meet our goal.

Organizational Results

As demonstrated by the September dashboard, we are experiencing a minor setback at inpatient satisfaction. The nursing leadership turnover has resulted in lower satisfaction scores than in the past. Our new leadership is re-training and working to ensure the staff will continue to be accountable and meet service expectations. Emergency satisfaction continues to exceed goal and the department continues to experience 10 – 20% higher volumes than in the past. We also had 21 births in September, which is the highest number we've experienced in years. Inpatient discharges were at an all time low in September at 87 and this led to a much lower census in Skilled Nursing. We continue to increase outpatient volumes and revenue in most areas and it is helping to offset this national trend of reduced inpatient volumes. We are on track to meet our community hours goals with the bi-national health fair and other community outreach activities.

Quality

The Skilled Nursing Facility and Home Care both were surveyed in October and passed with flying colors. Lisa, the germ zapping robot, is now on site and being used in our patient rooms and surgery. We will also use it in Emergency and other areas as needed. This technology further enhances the safety for our patients by reducing the chances of the spread of infectious disease. The physicians are now completing their satisfaction surveys and we should have the results in November.

Strategic Update

Our new CFO and Chief Revenue Officer are working with the health plans to bring our payments closer to the market rate. We are also determining if we can take capitation with several plans. SCAN (a Medicare Advantage plan) marketing campaigns has begun with several meetings and events around the community and at the hospital. We continue to work with our physicians on their referral patterns and are encouraging them to "keep Sonoma patients in Sonoma." We have a tool that shows us where our physicians are sending their patients and it has been enlightening. In reviewing our first quarter strategic plan goals for FY 2015, we have accomplished the following: Orthopedics marketing; Cost Accounting system; SNF marketing for outside referrals; increased Wound Care, Rehab and Occ Health volumes through marketing; inspiring employer choice in health plans; culture of health; enhanced Girl Talk and Compass education and health improvement through Health Round Table initiatives. We are working on the ancillary service volume increases, Employer Wellness, 3rd floor Cancer Healing and Disease Reversal programs and refurbishment of the 1st floor lobby, lab and corridors.
