

**Financial Assistance Program for Low Income
Uninsured Patients
Frequently Asked Questions**

How do I determine whether I qualify for financial assistance for my hospital bills?

Sonoma Valley Hospital offers Charity Care Discount Payment options to our low-income, uninsured patients that meet the program eligibility requirements. Using the most recent Federal Poverty Guidelines

If your family income is below 200% of the Federal Poverty Income Guidelines, you may qualify for charity care (the hospital will write off 100% of your charges).

If your family income is between 201% and 400% of the Federal Poverty Income Guideline, you may qualify for the discount payment option, leaving a nominal balance as your responsibility.

If your family income is below 400% of the Federal Poverty Income Guideline and you have high medical costs (annual medical costs 10% of your family income), you may qualify for either charity care or discount payment option.

The business office will begin the eligibility determination process once they receive a completed application form along with your family income verification documents and Medi-Cal/CMSP denial/approval letter. Failure to submit a completed application and supporting family income documentation may result in a denial.

How do I apply for financial assistance?

You will need to first apply for county medical assistance with Medi-Cal/CMSP. When denied/approved please provide a letter from the county explaining why. Also provide family income documentation, such as the most recent tax returns. If you do not file taxes, please attach a letter explaining how you support you and your family. Complete the “Financial Assistance Application” form and return all items listed above to the Hospital at:
